

## DANIEL DUNSTAN

### Daniel is 21 and lives in Pool

My dad left when I was very young and since I was about 14, I was a young carer for my mum who has arthritis in her whole body. I really hated school and as I got bullied and was told that I would never achieve anything, and since leaving I have been in various jobs, from packing boxes in a food factory to working in a bakery, so I have been around food a lot. I am so happy to be on this course as I've met new people and have really had fun so far, learning about food and cooking. It has also given me a lot of confidence in myself.
