

## JENNI HOPSON

### Jenni is 21 and lives in Newquay

I grew up with my mum and brother on a farm between Falmouth and Helston. At school I enjoyed art and photography, but I was bullied for seven years which was hard going. Since leaving school, I started a course at Cornwall College, but I didn't finish it and when the opportunity to apply for Fifteen Cornwall came up I jumped at the chance.

10 months into the course, I had a serious car accident and had to take 12 months out to recover. But I'm back now and looking forward to cracking on with it!
