

## JORDAN DAVIES

### Jordan is 19 and lives in Tregthurgy

I had a great childhood – I grew up with my two older brothers in a farmhouse and we got up to all sorts – shooting, fishing, riding motorbikes and making the most of the countryside. I enjoyed primary school, but it got harder at secondary school and I towards the end I hated it. Since leaving, I've done odd jobs here and there, including labouring but my life wasn't going in any direction so I was happy to apply for the Fifteen Cornwall programme. I was so pleased to get a place on the programme and am now looking forward to a positive future.
