

NATHAN SHAW

Nathan is 17 and lives in Liskeard

I have a great family and I love them all and growing up was a laugh, good fun and hectic. I didn't really like school and was more interested in having a laugh than getting good grades. Now that I'm on the programme, I can see a good future for myself and am pleased to have the opportunity to do something positive with my life. One day I hope to be a successful chef running my own restaurant.
